EDUCATION

GRADE X (March'16 - March'17)

Kendriya Vidyalaya, ONGC Panvel

GRADE XII (March'18 - March'19)

RYAN INTERNATIONAL SCHOOL

B.Tech (Aug'20 - May'24)

SRMIST Chennai

PERSONAL PROJECTS

Netflix Landing Page (Dec'23)

- Crafted an engaging and visually appealing landing page for my resume using React.Js (HTML and JavaScript)
- Compatible with all mobile devices and with a beautiful and pleasant user interface.
- Added succesful API integration.

News Website (Jan'24)

- Designed and developed a dynamic website using React.js, integrating API functionality to deliver real-time updates on the latest news headlines.
- Created an intuitive user interface that seamlessly retrieves and displays news articles from a specified API source.
- The website offers users a modern and engaging platform to stay informed with up-to-date news content.

Portfolio Website (Dec'23)

- Crafted a professional portfolio website using React.js.
- The portfolio serves as a comprehensive showcase of my capabilities and aspirations in the field of web development.

To-do List (Nov'23)

- Succesfully created a to-do list with date, add and delete button using vanilla HTML, CSS, JavaScript.

Rock Paper Scissors game (Jul'23)

- Engineered an engaging Rock Paper Scissors game using HTML, CSS, and JavaScript.
- Created an immersive user experience that allows players to compete against the computer as well as an autoplay button that lets the game play itself (Computer vs Computer).

Smart Fire detection system (Aug'23 - Oct'23)

- Precision of Convolutional Neural Networks, this system swiftly identifies fire incidents.
- YOLOv5 ensures real-time, accurate object detection.
